Dr. Daqing Mao, Founder and Chairman of Ucommune, commented, "As the real estate industry matures and the macro environment becomes increasingly supportive of the real estate investment cycle, operation and management of industrial parks has become a fundamental factor contributing to value growth in the real estate industry. While continuing to drive growth in our agile workspace management business, we also plan to exercise greater prudence in managing our costs going forward so that we can shorten our path to profitability."

Ms. Xin Guan, Chief Executive Officer of Ucommune, commented, "During 2021, we established a new precedent in industrial park projects by adding value to our partners' assets while boosting the economic development of an ever-greater number of parks. Leveraging our operational capabilities and our asset-light business model, we provided full services along the industry park value chain including planning, positioning, content creation, incubation, advertising, and operations. The effectiveness of our asset-light model is illustrated by our continued cooperation with a number of partners to develop asset-light projects and further expand our closed loop ecology. Furthermore, 2021 marked our initial entry into the international market. During the year, building on the foundation of our asset-light model, we expanded our offerings in the consumer services sector and provided additional marketing and advertising solutions to our clients. At the same time, we further developed our cutting-edge real estate digital management system, delivering ever more value to its users. Going forward, we will continue to explore our asset-light model, optimize and further develop our comprehensive service platform, enhance our operational efficiency, and cultivate our healthy business expansion."

Mr. Siyuan Wang, Chief Financial Officer of Ucommune, added, "In the fourth quarter, our revenues exceeded the high-end of our previously announced guidance range, increasing by 8.7% to RMB303.0 million (US\$47.5 million). In addition, we further diversified our financing sources as we recently entered into a securities purchase agreement to issue a debenture and warrants to an investor in a private placement. During the quarter, we increased our workspace membership services revenues and marketing and branding services revenues by 21.7% and 13.2% respectively. We continued to grow our asset-light business, as the total number of spaces contracted under our asset-light model increased by 32% and our asset-light total managed area under contract increased by 77% during 2021. We are well-positioned to grow in a healthy manner for the long run."

Fourth Quarter 2021 Financial Results

Total net revenues increased by 8.7% to RMB303.0 million (US\$47.5 million) in the fourth quarter of 2021 from RMB278.7 million in the fourth quarter of 2020. Revenues from the asset-light model increased by 78.7% to RMB19.3 million (US\$3.0 million) in the fourth quarter of 2021 from RMB10.8 million in the fourth quarter of 2020.

- Workspace membership services revenues increased by 21.7% to RMB93.5 million (US\$14.7 million) in the fourth quarter of 2021 from RMB76.8 million in the fourth quarter of 2020. This increase mainly resulted from the Company's expansion of its U partner model, a category under the Company's asset-light model, of which the revenue is recognized as workspace membership revenue.
- Marketing and branding services revenues increased by 13.2% to RMB124.7 million (US\$19.6 million) in the fourth quarter of 2021 from RMB110.1 million in the fourth quarter of 2020, mainly due to increased demand for advertising and marketing services from certain customers.
- Other services revenues decreased by 7.6% to RMB84.8 million (US\$13.3 million) in the fourth quarter of 2021 from RMB91.7 million in the fourth quarter of 2020, mainly due to decreased net revenues from the Company's SaaS services, partially offset by the increased net revenues from the Company's interior design and construction services and net revenues related to the acquisition of "Xiao Sushi."

Total costs of revenues increased by 16.0% to RMB330.8 million (US\$51.9 million) in the fourth quarter of 2021 from RMB285.2 million in the fourth quarter of 2020.Costs of revenues from the Company's asset-light model increased by 208.8% to RMB17.6 million (US\$2.8 million) in the fourth quarter of 2021 from RMB5.7 million in the fourth quarter of 2020, which was primarily in line with the increase in revenues from the Company's asset-light model.

- Costs of workspace membership increased by 21.5% to RMB134.3 million (US\$21.1 million) in the fourth quarter of 2021 from RMB110.6 million in the fourth quarter of 2020, which was mainly due to more U Partner projects opened during the fourth quarter of 2021 and in line with the increase in workspace membership services revenue.
- Costs of marketing and branding services increased by 11.5% to RMB121.3 million (US\$19.0 million) in the fourth quarter of 2021 from RMB108.8 million in the fourth quarter of 2020, mainly due to increased advertising spending, which was in line with the increase in advertising revenue.
- Costs of other services increased by 14.2% to RMB75.2 million (US\$11.8 million) in the fourth quarter of 2021 from RMB65.9 million in the fourth quarter of 2020, mainly due to increased construction and design service cost and software and hardware purchase cost spending by the Company's construction services and SaaS services, respectively.

Impairment loss on goodwill was RMB1.5 billion (US\$236.1 million) in the fourth quarter of 2021, compared to nil in the four quarter of 2020, representing the amount by which the carrying value of all the three reporting units exceeds their fair value, based on an annual goodwill impairment assessment.

General and administrative expenses decreased by 70.5% to RMB68.8 million (US\$10.8 million) in the fourth quarter of 2021 from RMB233.0 million in the fourth quarter of 2020, mainly due to a decrease in share-based compensation expense of RMB190.1 million (US\$29.8 million) in the fourth quarter of

2021, partially offset by an increase in professional service fees.

Sales and marketing expenses decreased by 34.7% to RMB15.8 million (US\$2.5 million) in the fourth quarter of 2021 from RMB24.2 million in the fourth quarter of 2020, mainly due to the decrease in share-based compensation expense in the fourth quarter of 2021.

Impairment loss on long-lived assets and long-term prepaid expenses was RMB30.6 million (US\$4.8 million) in the fourth quarter of 2021, compared with RMB3.0 million in the fourth quarter of 2020, primarily due to the increase in impairment costs for spaces where the carrying value is not expected to be fully recoverable.

Other expense, net was RMB51.3 million (US\$8.1 million) in the fourth quarter of 2021, compared to other income, net of RMB126.5 million in the fourth quarter of 2020, primarily due to the penalty resulting from breach of service agreement and estimated contingent loss from legal proceedings in the fourth quarter of 2021.

Net loss was RMB1,697.6 million (US\$266.4 million) in the fourth quarter of 2021, compared with RMB149.1 million in the fourth quarter of 2020.

Adjusted net loss^[5] was RMB156.0 million (US\$24.5 million) in the fourth quarter of 2021, compared with adjusted net income of RMB62.8 million in the fourth quarter of 2020.

EBITDA loss^[6] was RMB1,673.8 million (US\$262.7 million) in the fourth quarter of 2021, compared with RMB94.8 million in the fourth quarter of 2020.

Adjusted EBITDA loss^[7] increased by 763.9% to RMB80.9 million (US\$12.7 million) in the fourth quarter of 2021 from RMB9.4 million in the fourth quarter.

Basic and diluted net loss per share were both RMB354.27 (US\$55.59) in the fourth quarter of 2021, compared with RMB44.58 in the fourth quarter of 2020 (retroactively adjusted to reflect the 20-to-1 Share Consolidation (as defined below) effected on April 21, 2022).

Basic and diluted adjusted net loss per share [8] were both RMB32.6 (US\$5.12) in the fourth quarter of 2021, compared with basic and diluted adjusted net income per share RMB20.49 in the fourth quarter of 2020 (retroactively adjusted to reflect the Share Consolidation).

Cash, cash equivalents and restricted cash were RMB216.5 million (US\$34.0 million) as of December 31, 2021, compared with RMB400.8 million as of December 31, 2020.
